
ABIE COMPENSATION PLAN 2019

1. Introduction

ABIE – innovative business model connecting all services of the company MAXWELL GROUP CONSULTING LTD. (MGC24) into a unique platform for earning and accumulating cryptocurrency MAXWELL COIN (MXC) provided by high technology and high-tech projects of the company including financial tools for creating and developing high profitable business

ABIE Partner Network – is an independent group of high- and open-minded people around the world who dream and dare to live happily with peace and brotherhood and see their future as bright as sun. Neither there is an owner of this group, nor it has a branch anywhere in the world. Each member becomes an ABIE partner. Depending on your team and the volume of bought MXC, the system automatically determines its dividends and provides you share immediately.

MXC – is a progressive cryptocurrency, that initially expressed profits obtained from network node while mining various cryptocurrencies in the BatMiner Network. Network nodes were presented in the form of mobile devices, so the asset had a fairly low price of 0.0000001 BTC. Currently MXC is a cryptocurrency token build upon well-known Stellar system. It is used as a single currency for all MGC services. Its price is changing and increasing every month.

The price fluctuation can be explained by the following factors:

1. Buy/Sell of MXC on Stellar exchanges and inside MGC projects
2. Opening new deposits in ABIE and attracting new partners
3. Bitcoin and Stellar price fluctuation on the market
4. New network nodes inside the mining network BatMiner

MXC is designed in such a way that its price will rise in the long term. Currently the value of the coin equals to hundredths of a cent and has a huge growth potential (at the beginning of 2019 the price of the coin has already increased from 0.0000001 to 0.00000025 BTC. At the time of reading this document, the price has become even higher).

To register in ABIE, you need an existing partner in ABIE or Maxwell Capital projects. This partner is called sponsor, and you open an account in ABIE by using his sponsor link.

ABIE has the following revenue systems:

1. **MXC Growth Income**
2. **Deposits in MXC (providing dividends)**
3. **Turnover Revenue (buy/sell MXC)**
4. **Rank Income**
5. **Inviting partners into Maxwell Capital**
6. **Pool Income**

2. MXC Growth Income

The MXC price changes almost every day and is constantly increasing. This is a passive income. For example, you can buy 400,000 MXC for \$100 at a price of 0.00000025 BTC, and then sell it after a while at a price of 0.00000100 BTC, thus increasing the amount invested 4 times. Net profit is $400,000 * 0.000001 = 400 - 100 = \300

3. ABIE Deposits

Deposit in ABIE is an MXC asset expressed in US dollar terms, which is made with the purpose of long-term storage and retrieval of partners dividends. In this case, you can deposit dollars, rubles, euros, bitcoin, or the MXC themselves. All traditional currencies as well as bitcoins will be automatically converted to MXC.

The minimum deposit term is 1 year, you immediately receive a profit on the invested amount in the form of a frozen dividend. These dividends become available as a certain time period expires.:

| Deposit Term | Profit in percent |
|----------------------------|-------------------|
| 3 months | 10 % |
| 6 months | 25 % |
| 12 months (1 year) | 50 % |
| 18 months | 100 % |
| 24 months | 150 % |
| 36 months (3 years) | 300 % |
| 48 months | 400 % |
| 60 months (5 years) | 500 % |

For example, in 3 months 10% of received dividends will be available for withdraw, in 6 months - 25%, etc. During the first year, the deposit can be terminated at any time, but not earlier than after 3 months. In this case, you can take back the entire amount invested, plus a part of the unfrozen dividends. Frozen dividends are burned. If you have opened a deposit for 2 years or more, it will be impossible to terminate the deposit ahead at the beginning of the second year, you need to wait for the expiration of the entire period.

You can deposit the following amounts: 100\$, 250\$, 500\$, 1000\$, 2500\$, 5000\$, 10 000\$, 50 000\$. Big amounts can be easily transferred as cryptocurrency. For bank transfers it is required to split deposits into several parts, in one transaction no more than 2000 - 3000 \$.

| DEPOSIT TYPE | DEPOSIT AMOUNT, \$ | PAYOUT IN 1 YEAR, \$ | PAYOUT IN 3 YEARS, \$ | PAYOUT IN 5 YEARS, \$ |
|--------------|--------------------|----------------------|-----------------------|-----------------------|
| Lite | 100 | 150 | 400 | 600 |
| Standard | 250 | 375 | 1000 | 1500 |
| Optimal | 500 | 750 | 2000 | 3000 |
| Premium | 1000 | 1500 | 4000 | 6000 |
| Elite | 2500 | 3750 | 10 000 | 15 000 |
| Platinum | 5000 | 7500 | 20 000 | 30 000 |
| Ruby | 10 000 | 15 000 | 40 000 | 60 000 |
| VIP | 50 000 | 75 000 | 200 000 | 300 000 |

Upon the expiration of deposit term, you will receive the entire amount invested, plus the profit obtained from dividends. For example, you opened a standard deposit for 1 year and invested \$250. After 1 year, you will get back \$250 plus 50% of \$250 = \$125. The total output will be \$375

4. Turnover Revenue

Each time a partner opens a deposit or buys / sells MXC tokens for a certain amount in our exchange service (not on the official Stellar exchange), the sponsor receives 2% of the amount of purchased tokens to his wallet. All upline sponsors up to the 5th generation receive half of this amount. This rule also applies to the closure of the deposit upon the expiration of the entire period. Premature closure of the deposit does not give any profit to upline members.

For example, your referral bought MXC for \$1000. You, as his sponsor, receive \$20 in form of tokens. Your upline sponsor gets a half of this amount, i.e. \$10. His sponsor gets also \$ 10, etc., up to the 5th generation.

There is a rank system for partners, that will be discussed in more detail in the following sections. For a higher rank sponsor, the percentage of his profits received from the deals of his referrals increases according to the following table:

| Partner's Rank | Profit obtained from referral deals in percent |
|----------------|--|
| User | 2 % |
| Promoter | 3 % |

ABIE

| capital.mgc24.com/abie

| support@mgc24.com

| | |
|-----------------------|------|
| Keeper | 5 % |
| Collector | 7 % |
| Maxwell Expert | 10 % |
| Maxwell Guru | 15 % |

For example, if your rank is a collector, you will receive \$70 from your referral's deal in the amount of \$ 1000. Your sponsor will receive a half, \$35, provided that his rank is not lower than yours. If the rank of your sponsor is lower than yours, then he will receive \$20, i.e. 50% of the standard rate.

5. Rank Income

Once you are registered in the system, you get a free **User** rank. You can invite other partners, but you will not receive direct profits from attracting partners. You need to upgrade your rank to the next level, i.e. activate **Promoter** Rank for \$30. You receive \$20 for each partner having a promoter rank.

As soon as you recruit 4 promoters, you can increase your rank to **Keeper** for \$ 60. Keepers receive \$ 30 for each partner on the second level, who upgraded his rank to keeper. To activate the next rank, you need to pay \$ 150. The advantages of ranks are shown in the table.

| LEVEL | RANK | ACTIVATION FEE, \$ | PROFIT FROM PARTNER'S RANK AT THIS LEVEL | NUMBER OF PARTNERS IN A LEVEL | ESTIMATED EARNINGS |
|-------|-----------------------|--------------------|--|-------------------------------|----------------------------------|
| 0 | User | 0 | 0 \$ | - | 0\$ |
| 1 | Promoter | 30 | 20 \$ | 4 | 4 * 20 = 80\$ |
| 2 | Keeper | 60 | 30 \$ | 16 | 16 * 30 = 1200\$ |
| 3 | Collector | 150 | 80 \$ | 64 | 80 * 64 = 12800\$ |
| 4 | Maxwell Expert | 1000 | 500 \$ | 256 | 256 * 500 = 128 000 \$ |
| 5 | Maxwell Guru | 5000 | 2500 \$ | 1024 | 1024 * 2500 =2 560 000 \$ |

Please note that after upgrading your rank, you will receive a rank income from users with the same rank, that are below you at the corresponding level. That is, for example, you upgraded your rank to keeper. You still get income at the first level from promoters, but at the second level you earn profit only at the moment of upgrading the rank of promoters to keepers. The number of partners in the levels may be less or more than the amount indicated in the table above and thus your income may vary.

For more complex structures a poo income is calculated.
